PROFILE

Have been a passionate learner for a big part of my life and always looking for new path to challenge myself. Started learning and building web applications as a front-end developer for almost half a year, I've gained knowledge and experience in **HTML5, CSS3, Sass, Javascript ES6, React.js**. I have eyes for details and patience for meticulous work. Happy to combine my artistic nature and attention to details in this new role.

EXPERIENCE

Front-end Developer, Freelance — Jan 2023, present
- Study front-end web development and build projects on my own to practice my skills and keep on with learning new things everyday
- Collaborate with my friend's team in a mobile app project where I'm in charge of designing and building the UI
- Create responsive and user-friendly web designs

Professional Nail Artist, Business Owner — Sep 2015, present
- Manage beauty salon business operation
- Deliver high quality designed nail art in a timely manner
- Maintain clean and organised working space
